Renaissance Las Vegas Awarded AAA's Four Diamond Rating
Hotel Honored as One of Nevada's Best

LAS VEGAS (January 25, 2006) – Tom Xavier, general manager of Renaissance Las Vegas is pleased to announce that the hotel has earned AAA's Four Diamond rating. The hotel was one of the esteemed few awarded this distinction.

“The Four Diamond Award is one of the most respected honors in the hospitality industry,” said Xavier. “We have worked very hard to create a property notable for both its high standards and outstanding service, and to have our efforts recognized by the industry leader and advocate for travelers, AAA, is enormously rewarding.”

To obtain an AAA Four Diamond rating, hotels must have refined and stylish surroundings and an extensive array of amenities combined with a high degree of hospitality, service and attention to detail. Over 50,000 establishments throughout the United States, Canada, Mexico and the Caribbean are inspected each year and yet, of those, only three percent of the lodgings are recipients of the Four Diamond Award.

The Renaissance Las Vegas Hotel offers conference and event planners more than 20,000 square feet of space, the largest of any non-gaming hotel in Las Vegas. The hotel features a total of 14 meeting rooms, providing a variety of sophisticated decors and sizes, yet intimate enough to provide highly personalized attention. Rooms can accommodate professional meetings, large-scale events and conferences; team building activities and pre-function space.

All meeting rooms feature flexible floor plans, high-speed Internet access and superior audiovisual capabilities. Highly skilled conference coordinators, “Meeting Masterminds,” ensure that events run without a hitch, while onsite catering guarantees meeting attendees get their fill. Poised alongside the provocative pulse of Sin City, the Renaissance Las Vegas Hotel keeps guests close to the action without the noise and distractions. For a roll of the dice or the clang of the slot machines, guests can saunter to the newly engineered Las Vegas Monorail, which glides along the Strip, stopping at seven casinos.

The Renaissance Las Vegas Hotel offers travelers access to 14 stories of spacious accommodations, including 548 rooms and 30 suites ranging from 859 to 1,681 sq. ft. Exclusive guest amenities include spa treatments, a chic restaurant and bar, high-speed Internet access, flat screen televisions and a dedicated concierge service that grants guests their every whim. The hotel was recently awarded AAA's prestigious 4-Diamond rating.
